

# Where to Find Your HVAC Model & Serial Number

## Quick Guide for Homeowners — Page 2

More common equipment locations — including coils, package units, and additional indoor examples.

### 1 Evaporator Coil / Indoor Coil

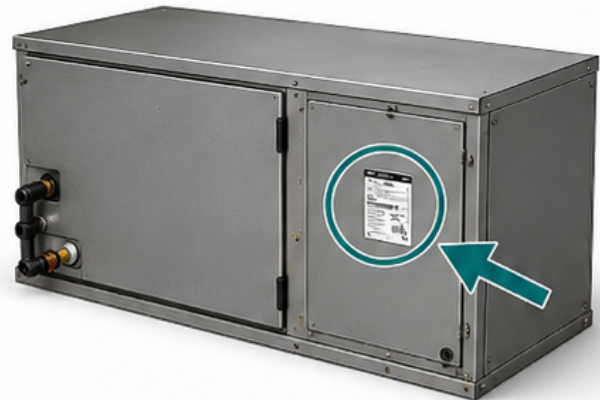

Common on Carrier, ADP, Goodman

- ✓ Usually on the coil cabinet exterior.
- 🔍 Look near the refrigerant lines or service panel.

### 2 Closet / Attic Air Handler

Common on Rheem, Goodman, Trane

- ✓ Often on the side panel or behind the front door.

### 3 Package Unit

Common on Goodman, Carrier, Lennox

- ✓ Usually on the outside service panel.
- 🔍 Check the main cabinet door.

### 4 Mini-Split Indoor Unit

Common on Daikin, Mitsubishi, Fujitsu

- ✓ Often under the front cover or on the side label.

Turn off power  
before removing  
panels

Use a flashlight  
in attics or  
closets

Photograph the  
full label clearly

Save the photos  
for future  
service calls
